

Community ecology – M1 IMaLiS (ENS | PSL) – Schedule

5 Nov 2024 / 21 Jan 2025 ; Coordinator: TBA (XXXX@ens.psl.eu)

Theoretical community ecology	Microbial communities	Conservation
-------------------------------	-----------------------	--------------

	Day	Time	Instructor	Title	Room
1	Tuesday, November 5	9am-12pm	TBA	CM Introduction to community ecology	
2	Tuesday, November 5	2pm-5pm	Elisa Thébault	CM Structure and dynamics of ecological networks	
3	Tuesday, November 12	9am-12pm	Jean-François Le Galliard	TD Data analysis (NutNet project) *	
4	Tuesday, November 12	2pm-5pm	Jean-François Le Galliard	TD Data analysis (DragNet project) *	
5	Tuesday, November 19	9am-12pm	Emmanuelle Porcher	CM Agriculture and biodiversity conservation	
6	Tuesday, November 19	2pm-5pm	Silvia De Monte	CM Modeling complex microbial communities	
7	Tuesday, December 3	9am-12pm	Hélène Morlon	CM Beyond the community: on the importance of regional processes	
8	Tuesday, December 3	2pm-5pm	Colin Fontaine	CM Antagonistic versus mutualistic networks	
9	Tuesday, January 7	9am-12pm	Boris Leroy	CM Biogeography of global change	
10	Tuesday, January 7	2pm-5pm	Karine Princé	CM Geography of conservation	
11	Tuesday, January 14	9am-12pm	Denis Couvet	CM Convention for Biological Diversity and IPBES	
12	Tuesday, January 14	2pm-5pm	Colin Fontaine	CM Conservation of pollination services	
13	Tuesday, January 21	9am-12pm	Denis Couvet	CM Emerging concepts for conservation	
14	Tuesday, January 21	2pm-5pm	Marc-André Selosse	CM Chemolithotrophy and biogeochemical cycling	
15	Tuesday, February 4	9am-5pm	TBA, Mathias Penot, Pierre Veron	Written + Oral exams	

* To participate to the fieldwork (at the CEREPEP-Ecotron) in September (from September 11 to September 15 – one or several days), please contact Jean-François Le Galliard (galliard@bio.ens.psl.eu).
