

Community ecology – M1 IMaLiS (ENS/PSL) – Schedule
Oct 2025 - Dec 2025

Theoretical community ecology	Microbial communities	Conservation
-------------------------------	-----------------------	--------------

	Day	Time	Speaker	Title	Room
1	Tuesday, Oct 28	8am-10am	TBA	CM Introduction to community ecology	306
2	Tuesday, Oct 28	10.15am-12.15pm	Hélène Morlon	CM Beyond the community: on the importance of regional processes	306
3	Tuesday, Oct 28	2pm-5pm	Elisa Thébault	CM Structure and dynamics of ecological networks	306
4	Tuesday, Nov 4	9am-12pm	TBA	CM Virtual ecology	306
5	Tuesday, Nov 4	2pm-5pm	Karine Princé	CM Geography of conservation	306
6	Tuesday, Nov 18	9am-12pm	Boris Leroy	CM Biogeography of global change	306
7	Tuesday, Nov 18	1.30pm-3.30pm	Silvia De Monte	CM Modeling complex microbial communities	306
8	Tuesday, Nov 18	3.45pm-5.45pm	Denis Couvet	CM Convention for Biological Diversity and IPBES	306
9	Tuesday, Dec 2	9am-12pm	Emmanuelle Porcher	CM Agriculture and biodiversity conservation	306
10	Tuesday, Dec 2	2pm-5pm	Colin Fontaine	CM Antagonistic versus mutualistic networks	306
11	Tuesday, Dec 9	9am-12pm	Jean-François Le Galliard	TD Data analysis (NutNet project)*	313
12	Tuesday, Dec 9	2pm-5pm	Jean-François Le Galliard	TD Data analysis (DragNet project)*	313
13	Tuesday, Dec 16	9am-12pm	Colin Fontaine	CM Conservation of pollination services	306
14	Tuesday, Dec 16	2pm-5pm	Denis Couvet	CM Emerging concepts for conservation	306

Written and oral exams - from January 19 to January 23, 2026

* To participate in the fieldwork at CEREEP-Ecotron in September (from September 8 to 11 - for one or several days), please fill out this form:

<https://forms.gle/inUaRagEJJJM9j5y9>

For more information, you can contact Jean-François Le Galliard (galliard@bio.ens.psl.eu).
