

PSL Graduate Program in Life Sciences

ABCV 2023:

Advanced Biology Course in Virology

A course for Master's and PhD students from PSL-Affiliated labs and research centers
Every Wednesday 17h15 - 19h45, 1st February - 26th April (excluding 8th March)

The goal of this course is to provide an overview of current research in the field of virology in order to understand the growing impact of emerging or re-emerging viral Infectious diseases for human and animal health.

Keywords

Virology | Pathogenesis | Innate immunity | Epidemiology | Entomology | Zoonosis | Mathematical modelling

Speakers

Frédéric Keck
LAS - Paris

Pierre-Yves Lozack
IVPC - Lyon

Maxime Ratinier
IVPC - Lyon

Caroline Goujon
IRIM - Montpellier

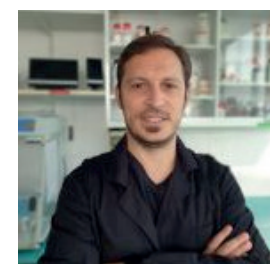

Carine Meignin
IBMC - Strasbourg

Pauline Ezanno
BIOEPAR - Nantes

Nuria Busquets
CRISA - Barcelone

Cyrille Mathieu
CIRI - Lyon

Chris Bowler
IBENS - Paris

Jeroen Kortekaas
Boehringer - Lyon

Raphaëlle Metras
iPLESP - Paris

Massimo Palmarini
CVR - Glasgow

To sign up please send an email to: abcv_pgls@ens.psl.eu (Application Deadline : December 31st, 2022)

Coordination:

Maxime Ratinier, EPHE; Frédérick Arnaud, EPHE; Anahi Molla-Herman, CIRB Collège de France; Terence Strick, ENS
